Description

Create a Movie Ticket Booking Management application for Cine Wave Entertainment with the exact case type Movie Ticket Request. The case lifecycle must contain Initial Stage, Availability, Approval, and Booking Execution. Customers submit movie, show, theatre, contact, and ticket details. Staff verify seat availability, customers confirm before final booking, and the system... [Show more.](#)

Ask Gemini

Hello HEMAPRIYA

+ Add a Case Type

...

CASE TYPE

Movie Ticket Request

Captures a customer's request to book movie tickets at CineWave Entertainment, guiding them through seat selection, availability verification, price calculation, and payment. The case manages all related data, ensures appropriate routing to Premium or Standard queues, tracks booking status, enforces SLA, and completes with confirmation email after successful booking.

...

CASE TYPE

Show Queue Management

Oversees the automatic routing of movie show bookings into Premium and Standard show queues based on show type and SLA priorities, ensuring timely scheduling, queue monitoring, and escalation handling for optimal resource allocation and service delivery.

...

CASE TYPE

Booking Status Tracking

Enables ongoing monitoring and real-time updates of booking fulfillment status for both customers and staff, providing transparency through the entire lifecycle from request intake, verification, and booking execution to resolution and email confirmation.

CASE TYPE New! ...

Booking Confirmation Email

Automates generation and dispatch of booking confirmation emails to customers upon successful reservation and payment, ensuring prompt notification and communication of booking details and support contacts, maintaining customer trust and satisfaction.

CASE TYPE New! ...

Customer Complaint

Facilitates recording, assessing, and resolving customer complaints related to booking, payment, or show experience. Intake of complaint details is followed by investigation, corrective actions, and communication to assure closure and feedback.

CASE TYPE New! ...

Promotional Offer

Enables creation, management, and fulfillment of special promotional offers for movies or shows. Covers offer setup, validation, eligibility checks, allocation to eligible customers, and tracking of redemption for marketing effectiveness.
